Current status of “Nok”, a former participant of 45th

We were pleased to receive a news from Ms. Diyaporn Wisamitanan (Her nickname: “Nok”, Thaksin University), who has just completed the 45th IATSS Forum.

The content of the news is that “Mobile Toy Library” which she proposed in the presentation, [“Improve the quality of life of HIV/AIDS \(I/A\) children in Sen Sok Community.”](#) of the GS group to which she belonged in the 45<sup>th</sup> Forum has been realized in the volunteer group in which she participates.

Group B (Red Ribbon Origami):

[Presentation](#) / [Report](#)

While she has regularly read books to disadvantaged children, now she is adding the “Mobile Toy Library” to her activity in order to convey the joy of studying to them.

Reportedly, encouraged by the news, some of the other participants of 45 Forum have started considering conducting the same activity in their own countries.

We are certainly looking forward to receiving such follow-ups or activities of IATSS Forum Alumni !

Snapshots of activity of the volunteer group where Ms. Nok belongs.
