Cultural Exchange Day!

On Sunday Oct. 23rd, we held the 15th MIEF-IATSS Forum Cultural Exchange Day at Suzuka Media Park.

The annual MIEF-IATSS Forum CED was held successfully by the 48th IATSS Forum participants and CIRs (Coordinator for International Relations) with big support from those involved such as volunteers and staff of Suzuka Media Park.

The theme for this time was *"Ghosts and Monsters from around the World"*.

It was full of people, some of whom showed up in costumes. At the presentations, Ghosts and Monsters from the USA, Brazil, China and UK were also introduced as well as those from 8 Southeast Asian countries.

The audience was watching with great interest and gave a big hand to the performers. I hope that the audience found the CED enjoyable including the presents that people in costumes received.

Deeply interested in
the introduction of
"Spooky Custom"

Ghosts are all without borders???
Asking the gods for help
