

Inspection of Pandin Lake Project

Pandin Lake, San Pablo

Laguna

May 17, 2014

Sponsors

- IATSS Forum Japan – funded the project
- Karen Go-Esternon – overall project leader
- IATSS (International Association of Traffic and Safety Sciences) Forum Alumni Association Philippines – assisting in implementation

Project Deliverables

- 4 bamboo rafts – COMPLETED
- Life jackets – COMPLETED
- Reception area – the community was not granted permission to build new structure by land owner; we will instead rehabilitate their existing structure for kitchen (we requested cost estimate to check the funds we gave them would be sufficient)
- Next step: training of ecotourism officers (details to be discussed still)

Thank You
